

Dry Creek Road Shared-Use Path Project

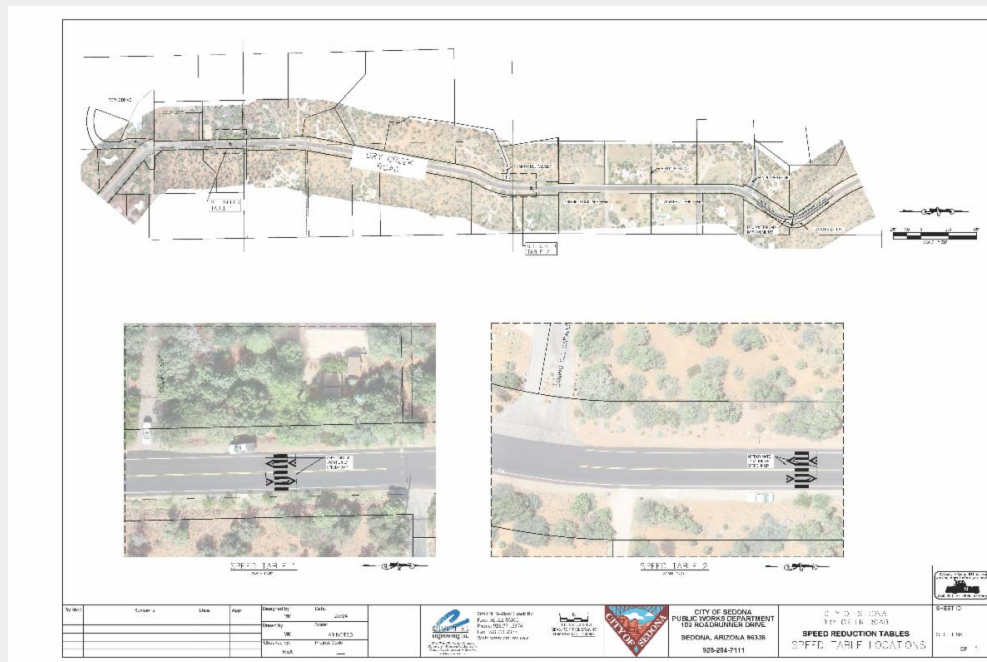

February 9, 2024

Welcome to the city of Sedona Dry Creek Road Shared-Use Path Project eNews. Businesses and residents are reminded to call the **Project Hotline at (928) 852-4164** to speak to a project team member with any questions or concerns. Please note that in the event of inclement weather the work schedule may be altered or suspended without notice.

SPEED TABLE INSTALLATION TO OCCUR IN LATE FEBRUARY

To help mitigate the high speeds along Dry Creek Road, the city will begin installing two speed tables across the entire width of the roadway in the locations highlighted in the plan sheets below. Please note, these speed tables are not crosswalks. This work is scheduled to occur in late February.

The city appreciates your patience during this construction, and as our maintenance crews continue working to construct the shared-use path along Dry Creek Road. Construction of the shared-use path is expected to resume in March. A follow-up eNewsletter will be released to provide more information on when speed table installation and shared-use path construction will resume.
